

Expert: Decentralisation

1. Objective(s) and Linkages to Reforms

The Recovery and Reform Support Team (RST) at the Ministry for Communities, Territories and Infrastructure Development of Ukraine (MCTID or Ministry) is a group of Ukrainian professionals (non-civil servants) funded on a temporary basis through the Ukraine Recovery and Reform Architecture (URA)¹ programme that provides targeted technical support and assists the Ministry in the design and implementation of priority reforms. The RST will assist in filling capacity gaps in the design and implementation of priority reform strategies and programmes, while strengthening links and partnerships between the Ministry's priorities and relevant donor support.

Priority areas for the RST at the Ministry for Communities, Territories and Infrastructure Development of Ukraine will be:

- Transport Infrastructure;
- Municipal Infrastructure;
- Regional Development and Decentralisation;
- Digitalisation;
- Public Administration Reform and Capacity Building.

In terms of Regional Development and Decentralisation, the Ministry for Communities, Territories and Infrastructure Development of Ukraine has achieved significant progress since 2015, when a process of amalgamation of territorial communities on a voluntary basis started, and a new framework for regional policy launched in 2019. Further developments in the mentioned fields are needed, considering the challenges that territorial communities and subnational governments are facing during the full-scale Russian aggression. Issues such as administrative capacity and the ability to plan, implement, and oversee recovery and modernisation projects as well as provide high-quality public services, need to be strengthened.

2. Position and Reporting Line

The Expert on Decentralisation will support the implementation of Regional Development and Decentralisation reform in close cooperation with subnational governments, assist in building the administrative capacity of the Ministry and subnational governments (oblast state administrations and local self-governments) and their ability to perform effectively.

The Expert will be engaged in coordinating activities, developing projects and working plans, maintaining stakeholder relationships, and providing other expertise and organisational support in the area of decentralisation.

The Expert will primarily cooperate with the Deputy Minister in charge of Regional Development and Decentralisation reform issues and relevant subordinated structural departments of the Ministry.

¹ Ukraine Recovery and Reform Architecture (URA) is a comprehensive technical assistance programme deployed by the European Bank for Reconstruction and Development (EBRD), in partnership with the European Union, to support critical recovery and reform processes in Ukraine. URA is financed from the Ukraine Stabilisation and Sustainable Growth Multi-Donor Account (MDA) managed by the EBRD.

The Expert on Decentralisation will be subordinated to the RST MCTID Senior Project Manager (Senior PM) on Regional Development and Decentralisation and, along with him/her, will support the implementation of related initiatives and capacity development at the Ministry and subordinated governments.

3. Duration of the Assignment

This consultancy appointment is expected to start in December 2024 and has an estimated duration till August 2025. Subject to the availability of funding, performance of the selected consultant and the specific needs of the RST, this appointment may be extended.

4. Main Duties and Responsibilities
